Overview

LETTER TO STOCKHOLDERS

PERFORMANCE

For the year ended December 31, 2004, the Morgan Stanley India Investment Fund, Inc. (the "Fund") had a total return, based on net asset value per share of 27.21%, net of fees, compared to 22.24% for the U.S. dollar adjusted Bombay Stock Exchange (BSE) National Index (the "Index"). On December 31, 2004, the closing price of the Fund's shares on the New York Stock Exchange was \$30.96, representing a 6.4% premium to the Fund's net asset value per share.

FACTORS AFFECTING PERFORMANCE

- Despite a strong outperformance in the fourth quarter of 2004, the Morgan Stanley Capital International (MSCI) India Index, an indicator of the Indian stock market, ended the year under-performing the broader MSCI Emerging Markets Index.
- Foreign institutional investor net inflows for 2004 of U.S. \$8.7 billion were at a historic high.
- Compared to Index, the Fund had its largest overweight in industrials, predominantly in the power equipment sector. This reflects our current positive bias towards reforms in the power sector. We believe India is an "infrastructure deficit" country. This offers an opportunity for investors to participate in the engineering and construction sector as India builds roads, ports, airports and increases power generation and transmission capacity. The overweight in industrials contributed positively to performance.
- The underweight in the information technology sector detracted from performance, as the sector saw a sharp rebound in growth rates arising from increased "offshoring" of information technology services projects to India.

MANAGEMENT STRATEGIES

- Many stocks in the Indian market have repeatedly had the potential to outperform, but have disappointed when expectations have been high. Instead of outperformance, headline Indian indexes have typically ended up performing in line with emerging markets over time.
- We believe that history may not repeat itself in this instance. The challenge for investors will be to focus on companies with high quality management that have the staying power to last beyond one short cycle. India offers tremendous sector diversity and stock selection opportunities.
- Moreover, the present government certainly has the opportunity to implement key reform measures over the next few months, which can in turn help the Indian market counter any global headwinds.

Sincerely,

/s/ Ronald E. Robison

MORGAN STANLEY INDIA INVESTMENT FUND, INC.

December 31, 2004

NOTES TO FINANCIAL STATEMENTS

The Morgan Stanley India Investment Fund, Inc. (the "Fund") was incorporated in Maryland on December 22, 1993, and is registered as a non-diversified, closed-end management investment company under the Investment Company Act of 1940 (the "1940 Act"), as amended. The Fund's investment objective is long-term capital appreciation through investments primarily in equity securities.

A. ACCOUNTING POLICIES: The following significant accounting policies are in conformity with U.S. generally accepted accounting principles for investment companies. Such policies are consistently followed by the Fund in the preparation of its financial statements. U.S. generally accepted accounting

principles may require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

1. SECURITY VALUATION: Equity securities listed on a U.S. exchange are valued at the latest quoted sales price on the valuation date. Equity securities listed or traded on NASDAQ, for which market quotations are available, are valued at the NASDAQ Official Closing Price. Securities listed on a foreign exchange are valued at their closing price. Unlisted securities and listed securities not traded on the valuation date for which market quotations are readily available are valued at the mean between the current bid and asked prices obtained from reputable brokers. Debt securities purchased with remaining maturities of 60 days or less are valued at amortized cost, if it approximates value.

All other securities and investments for which market values are not readily available, including restricted securities, and those securities for which it is inappropriate to determine prices in accordance with the aforementioned procedures, are valued at fair value as determined in good faith under procedures adopted by the Board of Directors, although the actual calculations may be done by others. Factors considered in making this determination may include, but are not limited to, information obtained by contacting the issuer, analysts, or the appropriate stock exchange (for exchange-traded securities), analysis of the issuer's financial statements or other available documents and, if necessary, available information concerning other securities in similar circumstances.

Most foreign markets close before the New York Stock Exchange (NYSE). Occasionally, developments that could affect the closing prices of securities and other assets may occur between the times at which valuations of such securities are determined (that is, close of the foreign market on which the securities trade) and the close of business on the NYSE. If these developments are expected to materially affect the value of the securities, the valuations may be adjusted to reflect the estimated fair value as of the close of the NYSE, as determined in good faith under procedures established by the Board of Directors.

2. REPURCHASE AGREEMENTS: The Fund may enter into repurchase agreements under which the Fund lends excess cash and takes possession of securities with an agreement that the counterparty will repurchase such securities. In connection with transactions in repurchase agreements, a bank as custodian for the Fund takes possession of the underlying securities (collateral), with a market value at least equal to the amount of the repurchase transaction, including principal and accrued interest. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to determine the adequacy of the collateral. In the event of default on the obligation to repurchase, the Fund has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. In the event of default or bankruptcy by the counterparty to the agreement, realization and/or retention of the collateral or proceeds may be subject to legal proceedings.

The Fund, along with other affiliated investment companies, may utilize a joint trading account for the purpose of entering into one or more repurchase agreements.

3. FOREIGN CURRENCY TRANSLATION: The books and records of the Fund are maintained in U.S. dollars. Amounts denominated in Indian rupees are translated into U.S. dollars at the mean of the bid and asked prices of such currency against U.S. dollars last quoted by a major bank as follows:
 - investments, other assets and liabilities at the prevailing rate of exchange on the valuation date;
 - investment transactions and investment income at the prevailing rate of exchange on the dates of such transactions.

Although the net assets of the Fund are presented at the foreign exchange rate and market values at the close of the period, the Fund does not isolate that portion of the

results of operations arising as a result of changes in the foreign exchange rate from the fluctuations arising from changes in the market prices of the securities held at period end. Similarly, the Fund does not isolate the effect of changes in the foreign exchange rate from the fluctuations arising from changes in the market prices of securities sold during the period. Accordingly, realized and unrealized foreign currency gains (losses) due to securities transactions are included in the reported net realized and unrealized gains (losses) on investment transactions and balances.

Net realized gains (losses) on foreign currency transactions represent net foreign exchange gains (losses) from sales and maturities of foreign currency exchange contracts, disposition of foreign currency, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amount of investment income and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent amounts actually received or paid. Net unrealized currency gains (losses) from valuing foreign currency denominated assets and liabilities at period end exchange rates are reflected as a component of unrealized appreciation (depreciation) on investments and foreign currency translations in the Statement of Assets and Liabilities. The change in unrealized currency gains (losses) on foreign currency translations for the period is reflected in the Statement of Operations.

A significant portion of the Fund's net assets consist of Indian securities which involve certain considerations and risks not typically associated with investments in the United States. In addition to its smaller size, less liquidity and greater volatility, the Indian securities market is less developed than the U.S. securities market and there is often substantially less publicly available information about Indian issuers than there is about U.S. issuers. Settlement mechanisms are also less developed and are accomplished, in certain cases, only through physical delivery, which may cause the Fund to experience delays or other difficulties in effecting transactions.

The Fund may use derivatives to achieve its investment objectives. The Fund may engage in transactions in futures contracts on foreign currencies, stock indices, as well as in options, swaps and structured notes. Consistent with the Fund's investment objectives and policies, the Fund may use derivatives for non-hedging as well as hedging purposes.

Following is a description of derivative instruments that the Fund has utilized and their associated risks:

4. **FOREIGN CURRENCY EXCHANGE CONTRACTS:** The Fund may enter into foreign currency exchange contracts generally to attempt to protect securities and related receivables and payables against changes in future foreign exchange rates and, in certain situations, to gain exposure to a foreign currency. A foreign currency exchange contract is an agreement between two parties to buy or sell currency at a set price on a future date. The market value of the contract will fluctuate with changes in currency exchange rates. The contract is marked-to-market daily and the change in market value is recorded by the Fund as unrealized gain or loss. The Fund records realized gains or losses when the contract is closed equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. Risk may arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts and is generally limited to the amount of unrealized gain on the contracts, if any, at the date of default. Risks may also arise from unanticipated movements in the value of a foreign currency relative to the U.S. dollar.
5. **RESTRICTED SECURITIES:** The Fund may invest in unregistered or otherwise restricted securities. The term restricted securities refers to securities that are unregistered or are held by control persons of the issuer and securities that are subject to contractual restrictions on their resale. As a result, restricted securities may be more difficult to value and the Fund may have difficulty disposing of such assets either in a timely manner or for a reasonable price. In order to dispose of an unregistered security, the Fund, where it has contractual rights to do so, may have to cause such security to be registered. A considerable period may elapse between the time the decision is made to sell the security and the time the security is registered so that the Fund could sell it. Contractual restrictions on the resale of securities vary in length and scope and are generally the result of a negotiation between the issuer and acquiror of the securities. The Fund would, in either case, bear market risks during that period.

6. OTHER: Security transactions are accounted for on the date the securities are purchased or sold. Investments in new Indian securities are made by making applications in investment the public offerings. The issue price, or a portion thereof, is paid at the time of application and reflected as share

application money on the Statement of Assets and Liabilities. Upon allotment of the securities, this amount plus any remaining amount of issue price is recorded as cost of investments. Realized gains and losses on the sale of investment securities are determined on the specific identified cost basis. Interest income is recognized on an accrual basis. Dividend income is recorded on the ex-dividend date (except certain dividends which may be recorded as soon as the Fund is informed of such dividends) net of applicable withholding taxes, if any. Distributions to stockholders are recorded on the ex-dividend date.

B. INVESTMENT ADVISORY FEES: Morgan Stanley Investment Management Inc. (the "Adviser") provides investment advisory services to the Fund under the terms of an Investment Advisory and Management Agreement (the "Agreement"). Under the Agreement, the Adviser is paid a fee computed weekly and payable monthly at an annual rate of 1.10% of the Fund's average weekly net assets.

C. ADMINISTRATION FEES: Prior to November 1, 2004, JPMorgan Chase Bank, through its corporate affiliate, J.P. Morgan Investor Services Co. ("JPMIS"), provided administrative services to the Fund under an Administration Agreement. JPMIS was paid a fee computed weekly and payable monthly at an annual rate of 0.02435% of the Fund's average weekly net assets, plus \$24,000 per annum. In addition, the Fund was charged for certain out-of-pocket expenses incurred by JPMIS on its behalf.

Effective November 1, 2004, Morgan Stanley Investment Management Inc. (MSIM) serves as Administrator to the Fund pursuant to a new Administrative Agreement. Under the new Administrative Agreement, the new administrative fee will be 0.08% of the Fund's average weekly net assets. As approved by the Board of Directors, MSIM has agreed to limit the new administration fee so that it will be no greater than the old administrative fee of 0.02435% of the Fund's average weekly net assets plus \$24,000 per annum. This waiver is voluntary and may be terminated at any time. For the year ended December 31, 2004, \$36,000 of administration fees were waived pursuant to this arrangement. Administrative costs (including out-of-pocket expenses incurred in the ordinary course of providing services under the Agreement, which were previously borne by Fund), except pricing services and extraordinary expenses, will now be covered under the Administration Fee. JPMIS will continue to provide fund accounting and other services pursuant to a sub-administrative agreement, dated November 1, 2004, with MSIM and receives compensation from MSIM for these services.

Multiconsult, Ltd., whose registered office is in Mauritius, provides sub-administrative services to the Fund, including maintaining certain Fund records and preparing certain periodic filings, under an agreement whereby Multiconsult is paid a fee of \$22,000 per annum.

D. CUSTODIAN FEES: JPMorgan Chase Bank serves as custodian for the Fund. The Custodian holds cash, securities, and other assets of the Fund as required by the 1940 Act. Custody fees are payable monthly based on assets held in custody, investment purchases and sales activity and account maintenance fees, plus reimbursement for certain out-of-pocket expenses.

E. DIRECTORS FEES: The Fund pays each of its Mauritian Independent Directors an annual fee of \$7,500 and all other Independent Directors an annual fee of \$5,000. Additionally, each Mauritian Independent Director is paid a fee of \$750 for each Board Meeting attended.

F. FEDERAL INCOME TAXES: It is the Fund's intention to continue to qualify as a regulated investment company and distribute all its taxable income. Accordingly, no provision for Federal income taxes is required in the financial statements. Dividend income and distributions to stockholders are recorded on the ex-dividend date.

Effective October 1, 2004 there is no capital gains tax in India for long-term

investments and the rate of capital gains tax for short-term investments is 10.455% for transactions conducted through a recognized stock exchange (the capital gains rates were 10.455% for long-term investments and 31.365% for short-term investments for the financial year April 1, 2004 to March 31, 2005). The Fund invests in India through a registered branch office established in Mauritius and, as a result, obtains the benefits under the double taxation treaty between Mauritius and India ("Treaty"). To obtain benefits under the double taxation treaty the Fund must meet certain tests and conditions, including the establishment of Mauritius tax residence and related requirements. The Fund has obtained a tax residence certification from the Mauritian authorities and believes such certification is determinative of its resident status for treaty purposes. A fund which is a tax resident in Mauritius under the treaty but has no branch or permanent establishment in India will not be subject to capital gains tax in India on the sale of securities, but is subject to a 15% (under Article 10 of the India-Mauritius tax treaty) withholding tax on dividends

declared, distributed or paid by an Indian company prior to June 1, 1997 and for the period from April 1, 2002 through March 31, 2003. During the period June 1, 1997 through March 31, 2002 and after April 1, 2003, dividend income from domestic companies was exempt from Indian income tax. The Fund currently is subject to and accrues Indian withholding tax on interest earned on Indian securities at 20.91%. The Treaty benefits accorded to foreign investors were challenged by a non-governmental organization and the matter was litigated before India's Supreme Court (the highest court in India). In October 2003, India's Supreme Court upheld the validity of treaty benefits accorded to foreign investors on the basis of a certificate of residence issued by Mauritian authorities (such as the one obtained by the Fund).

The tax character of distributions paid may differ from the character of distributions shown on the Statement of Changes in Net Assets due to short-term capital gains being treated as ordinary income for tax purposes. The tax character of distributions paid during 2004 and 2003 were as follows:

2004 DISTRIBUTIONS		2003 DISTRIBUTIONS	
PAID FROM:		PAID FROM:	
(000)		(000)	
-----		-----	
ORDINARY	LONG-TERM	ORDINARY	LONG-TERM
INCOME	CAPITAL	INCOME	CAPITAL
	GAIN		GAIN
-----		-----	
\$ 1,464	\$ --	\$ 3,169	\$ --

The amount and character of income and capital gain distributions to be paid by the Fund are determined in accordance with Federal income tax regulations, which may differ from U.S. generally accepted accounting principles. The book/tax differences are considered either temporary or permanent in nature.

Temporary differences are generally due to differing book and tax treatments for the timing of the recognition of gains and losses on certain investment transactions and the timing of the deductibility of certain expenses.

Permanent differences are generally due to differing treatments of gains and losses related to foreign currency transactions. Permanent book and tax basis differences may result in reclassifications among undistributed (distributions in excess of) net investment income (or accumulated net investment loss), accumulated net realized gain (loss) and paid-in capital.

At December 31, 2004, the components of distributable earnings on a tax basis were as follows:

UNDISTRIBUTED	UNDISTRIBUTED
ORDINARY INCOME	LONG-TERM CAPITAL GAIN
(000)	(000)
-----	-----
\$ 1,210	\$ 2,215

At December 31, 2004, the U.S. Federal income tax cost basis of investments was \$272,403,000 and, accordingly, net unrealized appreciation for U.S. Federal income tax purposes was \$186,312,000 of which \$197,930,000 related to appreciated securities and \$11,618,000 related to depreciated securities.

During the year ended December 31, 2004, the Fund utilized capital loss carryforwards for U.S. Federal income tax purposes of approximately \$61,101,000.

To the extent that capital loss carryforwards are used to offset any future capital gains realized during the carryforward period as provided by U.S. Federal income tax regulations, no capital gains tax liability will be incurred by the Fund for gains realized and not distributed. To the extent that capital gains are offset, such gains will not be distributed to the stockholders.

Net capital, currency, and passive foreign investment company losses incurred after October 31, and within the taxable year are deemed to arise on the first day of the Fund's next taxable year. For the year ended December 31, 2004, the Fund did not defer any capital, currency, or passive foreign investment company losses to January 1, 2005, for U.S. Federal income tax purposes.

G. CONTRACTUAL OBLIGATIONS: The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

H. OTHER: During the year ended December 31, 2004, the Fund made purchases and sales totaling \$184,073,000 and \$195,093,000 respectively, of investment securities other than long-term U.S. Government securities and short-term investments. There were no purchases or sales of long-term U.S. Government securities.

Future economic and political developments in India could adversely affect the liquidity or value, or both, of securities in which the Fund is invested. In addition, the Fund's ability to hedge its currency risk is limited and accordingly, the Fund may be exposed to currency devaluation and other exchange rate fluctuations.

NOTES TO FINANCIAL STATEMENTS (CONT'D)

On August 10, 1998, the Fund commenced a share repurchase program for purposes of enhancing stockholder value and reducing the discount at which the Fund's shares trade from their net asset value. Since the inception of the program, the Fund has repurchased 8,450,680 of its shares at an average discount of 30.06% from net asset value per share. The Fund expects to continue to repurchase its outstanding shares at such time and in such amounts as it believes will further the accomplishment of the foregoing objectives, subject to review by the Board of Directors.

On December 14, 2004 the Officers of the Fund, pursuant to authority granted by the Board of Directors declared a distribution of \$0.0714 per share, derived from net investment income, payable on January 7, 2005 to stockholders of record on December 23, 2004.

FEDERAL TAX INFORMATION (UNAUDITED)

REPORT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

TO THE STOCKHOLDERS AND BOARD OF DIRECTORS OF
MORGAN STANLEY INDIA INVESTMENT FUND, INC.

We have audited the accompanying statement of assets and liabilities of Morgan Stanley India Investment Fund, Inc. (the "Fund"), including the portfolio of investments, as of December 31, 2004, and the related statement of operations for the year then ended, the statement of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2004, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

MORGAN STANLEY INDIA INVESTMENT FUND, INC.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

Pursuant to the Dividend Reinvestment and Cash Purchase Plan (the "Plan"), each stockholder will be deemed to have elected, unless American Stock Transfer & Trust Company (the "Plan Agent") is otherwise instructed by the stockholder in writing, to have all distributions automatically reinvested in Fund shares. Participants in the Plan have the option of making additional voluntary cash payments to the Plan Agent, annually, in any amount from \$100 to \$3,000, for investment in Fund shares.

Dividend and capital gain distributions will be reinvested on the reinvestment date in full and fractional shares. If the market price per share equals or exceeds net asset value per share on the reinvestment date, the Fund will issue shares to participants at net asset value. If net asset value is less than 95% of the market price on the reinvestment date, shares will be issued at 95% of the market price. If net asset value exceeds the market price on the reinvestment date, participants will receive shares valued at market price. The Fund may purchase shares of its Common Stock in the open market in connection with dividend reinvestment requirements at the discretion of the Board of Directors. Should the Fund declare a dividend or capital gain distribution payable only in cash, the Plan Agent will purchase Fund shares for participants

in the open market as agent for the participants.

The Plan Agent's fees for the reinvestment of dividends and distributions will be paid by the Fund. However, each participant's account will be charged a pro rata share of brokerage commissions incurred on any open market purchases effected on such participant's behalf. A participant will also pay brokerage commissions incurred on purchases made by voluntary cash payments. Although stockholders in the Plan may receive no cash distributions, participation in the Plan will not relieve participants of any income tax which may be payable on such dividends or distributions.

In the case of stockholders, such as banks, brokers or nominees, that hold shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the stockholder as representing the total amount registered in the stockholder's name and held for the account of beneficial owners who are participating in the Plan.

Stockholders who do not wish to have distributions automatically reinvested should notify the Plan Agent in writing. There is no penalty for non-participation or withdrawal from the Plan, and stockholders who have previously withdrawn from the Plan may rejoin at any time. Requests for additional information or any correspondence concerning the Plan should be directed to the Plan Agent at:

AUDIT COMMITTEE
AUDIT AND NON-AUDIT SERVICES
PRE-APPROVAL POLICY AND PROCEDURES
OF THE
MORGAN STANLEY RETAIL AND INSTITUTIONAL FUNDS

AS ADOPTED AND AMENDED JULY 23, 2004, (1)

- - Statement of Principles

The Audit Committee of the Board is required to review and, in its sole discretion, pre-approve all Covered Services to be provided by the Independent Auditors to the Fund and Covered Entities in order to assure that services performed by the Independent Auditors do not impair the auditor's independence from the Fund.

The SEC has issued rules specifying the types of services that an independent auditor may not provide to its audit client, as well as the audit committee's administration of the engagement of the independent auditor. The SEC's rules establish two different approaches to pre-approving services, which the SEC considers to be equally valid. Proposed services either: may be pre-approved without consideration of specific case-by-case services by the Audit Committee ("GENERAL PRE-APPROVAL"); or require the specific pre-approval of the Audit Committee or its delegate ("SPECIFIC PRE-APPROVAL"). The Audit Committee believes that the combination of these two approaches in this Policy will result

in an effective and efficient procedure to pre-approve services performed by the Independent Auditors. As set forth in this Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee (or by any member of the Audit Committee to which pre-approval authority has been delegated) if it is to be provided by the Independent Auditors. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee.

The appendices to this Policy describe the Audit, Audit-related, Tax and All Other services that have the general pre-approval of the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee considers and provides a different period and states otherwise. The Audit Committee will annually review and pre-approve the services that may be provided by the Independent Auditors without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add to or subtract from the list of general pre-approved services from time to time, based on subsequent determinations.

- - - - -

- (1) This Audit Committee Audit and Non-Audit Services Pre-Approval Policy and Procedures (the "POLICY"), adopted as of the date above, supersedes and replaces all prior versions that may have been adopted from time to time.

The purpose of this Policy is to set forth the policy and procedures by which the Audit Committee intends to fulfill its responsibilities. It does not delegate the Audit Committee's responsibilities to pre-approve services performed by the Independent Auditors to management.

The Fund's Independent Auditors have reviewed this Policy and believes that implementation of the Policy will not adversely affect the Independent Auditors' independence.

- - Delegation

As provided in the Act and the SEC's rules, the Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

- - Audit Services

The annual Audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. Audit services include the annual financial statement audit and other procedures required to be performed by the Independent Auditors to be able to form an opinion on the Fund's financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Fund structure or other items.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant general pre-approval to other Audit services, which are those services that only the Independent Auditors reasonably can provide. Other Audit services may include statutory audits and services associated with SEC registration statements (on Forms N-1A, N-2, N-3, N-4, etc.), periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.

The Audit Committee has pre-approved the Audit services in Appendix B.1. All other Audit services not listed in Appendix B.1 must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated).

- - Audit-related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Fund's financial statements and, to the extent they are Covered Services, the Covered Entities or that are traditionally performed by the Independent Auditors. Because the Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor and is consistent with the SEC's rules on auditor independence, the Audit Committee may grant general pre-approval to Audit-related services. Audit-related services include, among others, accounting consultations related to accounting, financial reporting or disclosure matters

not classified as "Audit services"; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements under Forms N-SAR and/or N-CSR.

The Audit Committee has pre-approved the Audit-related services in Appendix B.2. All other Audit-related services not listed in Appendix B.2 must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated).

- - Tax Services

The Audit Committee believes that the Independent Auditors can provide Tax services to the Fund and, to the extent they are Covered Services, the Covered Entities, such as tax compliance, tax planning and tax advice without impairing the auditor's independence, and the SEC has stated that the Independent Auditors may provide such services.

Pursuant to the preceding paragraph, the Audit Committee has pre-approved the Tax Services in Appendix B.3. All Tax services in Appendix B.3 must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated).

- - All Other Services

The Audit Committee believes, based on the SEC's rules prohibiting the Independent Auditors from providing specific non-audit services, that other types of non-audit services are permitted. Accordingly, the Audit Committee believes it may grant general pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, would not impair the independence of the auditor and are consistent with the SEC's rules on auditor independence.

The Audit Committee has pre-approved the All Other services in Appendix B.4. Permissible All Other services not listed in Appendix B.4 must be specifically pre-approved by the Audit Committee (or by any member of the Audit Committee to which pre-approval has been delegated).

- - Pre-Approval Fee Levels or Budgeted Amounts

Pre-approval fee levels or budgeted amounts for all services to be provided by the Independent Auditors will be established annually by the Audit Committee. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services.

- - Procedures

All requests or applications for services to be provided by the Independent Auditors that do not require specific approval by the Audit Committee will be submitted to the Fund's Chief Financial Officer and must include a detailed description of the services to be

rendered. The Fund's Chief Financial Officer will determine whether such services are included within the list of services that have received the general pre-approval of the Audit Committee. The Audit Committee will be informed on a timely basis of any such services rendered by the Independent Auditors. Requests or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the Independent Auditors and the Fund's Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated the Fund's Chief Financial Officer to monitor the performance of all services provided by the Independent Auditors and to determine whether such services are in compliance with this Policy. The Fund's Chief Financial Officer will report to the Audit Committee on a periodic basis on the results of its monitoring. Both the Fund's Chief Financial Officer and management will immediately report to the chairman of the Audit Committee any breach of this Policy that comes to the attention of the Fund's Chief Financial Officer or any member of management.

- - Additional Requirements

The Audit Committee has determined to take additional measures on an annual basis to meet its responsibility to oversee the work of the Independent Auditors and to assure the auditor's independence from the Fund, such as reviewing a formal written statement from the Independent Auditors delineating all relationships between the Independent Auditors and the Fund, consistent with Independence Standards Board No. 1, and discussing with the Independent Auditors its methods and procedures for ensuring independence.

- - Covered Entities

Covered Entities include the Fund's investment adviser(s) and any entity controlling, controlled by or under common control with the Fund's investment adviser(s) that provides ongoing services to the Fund(s). Beginning with non-audit service contracts entered into on or after May 6, 2003, the Fund's audit committee must pre-approve non-audit services provided not only to the Fund but also to the Covered Entities if the engagements relate directly to the operations and financial reporting of the Fund. This list of Covered Entities would include:

MORGAN STANLEY INVESTMENT MANAGEMENT
PROXY VOTING POLICY AND PROCEDURES

I. POLICY STATEMENT

INTRODUCTION - Morgan Stanley Investment Management's ("MSIM") policies and procedures for voting proxies with respect to securities held in the accounts of clients applies to those MSIM entities that provide discretionary Investment Management services and for which a MSIM entity has the authority to vote their proxies. The policies and procedures and general guidelines in this section will be reviewed and, as necessary, updated periodically to address new or revised proxy voting issues. The MSIM entities covered by these policies and procedures currently include the following: Morgan Stanley Investment Advisors Inc., Morgan Stanley Alternative Investment Partners, L.P., Morgan Stanley AIP GP LP, Morgan Stanley Investment Management Inc., Morgan Stanley Investment Group Inc., Morgan Stanley Investment Management Limited, Morgan Stanley Investment Management Company, Morgan Stanley Asset & Investment Trust Management Co., Limited, Morgan Stanley Investment Management Private Limited, Morgan Stanley Investments LP, Morgan Stanley Hedge Fund Partners GP LP, Morgan Stanley Hedge Fund Partners LP, Van Kampen Investment Advisory Corp., Van Kampen Asset Management Inc., and Van Kampen Advisors Inc. (each a "MSIM Affiliate" and collectively referred to as the "MSIM Affiliates").

Each MSIM Affiliate will vote proxies as part of its authority to manage, acquire and dispose of account assets. With respect to the MSIM registered management investment companies (Van Kampen, Institutional and Advisor Funds) (collectively referred to as the "MSIM Funds"), each MSIM Fund will vote proxies pursuant to authority granted under its applicable investment advisory agreement or, in the absence of such authority, as authorized by its Board of Directors or Trustees. A MSIM Affiliate will not vote proxies if the "named fiduciary" for an ERISA account has reserved the authority for itself, or in the case of an account not governed by ERISA, the Investment Management Agreement does not authorize the MSIM Affiliate to vote proxies. MSIM Affiliates will, in a prudent and diligent manner, vote proxies in the best interests of clients, including beneficiaries of and participants in a client's benefit plan(s) for which we manage assets, consistent with the objective of maximizing long-term investment returns ("Client Proxy Standard"). In certain situations, a client or its fiduciary may provide a MSIM Affiliate with a statement of proxy voting policy. In these situations, the MSIM Affiliate will comply with the client's policy unless to do so would be inconsistent with applicable laws or regulations or the MSIM Affiliate's fiduciary responsibility.

PROXY RESEARCH SERVICES - To assist the MSIM Affiliates in their responsibility for voting proxies and the overall global proxy voting process, Institutional Shareholder Services ("ISS") and the Investor Responsibility Research Center ("IRRC") have been retained as experts in the proxy voting and corporate governance area. ISS and IRRC are

independent advisers that specialize in providing a variety of fiduciary-level proxy-related services to institutional investment managers, plan sponsors, custodians, consultants, and other institutional investors. The services provided to MSIM Affiliates include in-depth research, global issuer analysis, and voting recommendations. In addition to research, ISS provides vote execution, reporting, and recordkeeping. MSIM's Proxy Review Committee (see Section IV.A. below) will carefully monitor and supervise the services provided by the proxy research services.

VOTING PROXIES FOR CERTAIN NON-US COMPANIES - While the proxy voting process is well established in the United States and other developed markets with a number of tools and services available to assist an investment manager, voting proxies of non-US companies located in certain jurisdictions, particularly emerging markets, may involve a number of problems that may restrict or prevent a MSIM Affiliate's ability to vote such proxies. These problems include, but are not limited to: (i) proxy statements and ballots being written in a language other than English; (ii) untimely and/or inadequate notice of shareholder meetings; (iii) restrictions on the ability of holders outside the issuer's jurisdiction of organization to exercise votes; (iv) requirements to vote proxies in person, (v) the imposition of restrictions on the sale of the securities for a period of time in proximity to the shareholder meeting; and (vi) requirements to provide local agents with power of attorney to facilitate the MSIM Affiliate's voting instructions. As a result, clients' non-U.S. proxies will be voted on a best efforts basis only, consistent with the Client Proxy Standard. ISS has been retained to provide assistance to the MSIM Affiliates in connection with voting their clients' non-US proxies.

II. GENERAL PROXY VOTING GUIDELINES

To ensure consistency in voting proxies on behalf of its clients, MSIM Affiliates will follow (subject to any exception set forth herein) these Proxy Voting Policies and Procedures, including the guidelines set forth below. These guidelines address a broad

range of issues, including board size and composition, executive compensation, anti-takeover proposals, capital structure proposals and social responsibility issues and are meant to be general voting parameters on issues that arise most frequently. The MSIM Affiliates, however, may vote in a manner that is contrary to the following general guidelines, pursuant to the procedures set forth in Section IV. below, provided the vote is consistent with the Client Proxy Standard.

III. GUIDELINES

IV. ADMINISTRATION OF PROXY POLICIES AND PROCEDURES

A. PROXY REVIEW COMMITTEE

1. The MSIM Proxy Review Committee ("Committee") is responsible for creating and implementing MSIM's Proxy Voting Policy and Procedures and, in this regard, has expressly adopted them. Following are some of the functions and responsibilities of the Committee.

- (a) The Committee, which will consist of members designated by MSIM's Chief Investment Officer, is responsible for establishing MSIM's proxy voting policies and guidelines and determining how MSIM will vote proxies on an ongoing basis.
- (b) The Committee will periodically review and have the authority to amend as necessary MSIM's proxy voting policies and guidelines (as expressed in these Proxy Voting Policy and Procedures) and establish and direct voting positions consistent with the Client Proxy Standard.
- (c) The Committee will meet at least monthly to (among other matters): (1) address any outstanding issues relating to MSIM's Proxy Voting Policy and Procedures; and (2) generally review proposals at upcoming shareholder meetings of MSIM portfolio companies in accordance with this Policy and Procedures including, as appropriate, the voting results of prior shareholder meetings of the same issuer where a similar proposal was presented to shareholders. The Committee, or its designee, will timely communicate to ISS MSIM's Proxy Voting Policy and Procedures (and any amendments to them and/or any additional guidelines or procedures it may adopt).
- (d) The Committee will meet on an ad hoc basis to (among other matters): (1) authorize "split voting" (i.e., allowing certain shares of the same issuer that are the subject of the same proxy solicitation and held by one or more MSIM portfolios to be voted differently than other shares) and/or "override voting" (i.e., voting

all MSIM portfolio shares in a manner contrary to the Procedures); (2) review and approve upcoming votes, as appropriate, for matters for which specific direction has been provided in Sections I, II, and III above; and (3) determine how to vote matters for which specific direction has not been provided in Sections I, II and III above. Split votes will generally not be approved within a single Global Investor Group team. The Committee may take into account ISS recommendations and the research provided by IRRG as well as any other relevant information they may request or receive.

- (e) In addition to the procedures discussed above, if the Committee determines that an issue raises a potential material

conflict of interest, or gives rise to the appearance of a potential material conflict of interest, the Committee will designate a special committee to review, and recommend a course of action with respect to, the conflict(s) in question ("Special Committee"). The Special Committee may request the assistance of the Law and Compliance Departments and will have sole discretion to cast a vote. In addition to the research provided by ISS and IRRC, the Special Committee may request analysis from MSIM Affiliate investment professionals and outside sources to the extent it deems appropriate.

- (f) The Committee and the Special Committee, or their designee(s), will document in writing all of their decisions and actions, which documentation will be maintained by the Committee and the Special Committee, or their designee(s) for a period of at least 6 years. To the extent these decisions relate to a security held by a MSIM U.S. registered investment company, the Committee and Special Committee, or their designee(s), will report their decisions to each applicable Board of Trustees/Directors of those investment companies at each Board's next regularly Scheduled Board meeting. The report will contain information concerning decisions made by the Committee and Special Committee during the most recently ended calendar quarter immediately preceding the Board meeting.
- (g) The Committee and Special Committee, or their designee(s), will timely communicate to applicable PMs, the Compliance Departments and, as necessary to ISS, decisions of the Committee and Special Committee so that, among other things, ISS will vote proxies consistent with their decisions.

CODE OF ETHICS FOR PRINCIPAL EXECUTIVE AND SENIOR FINANCIAL OFFICERS ADOPTED SEPTEMBER 28, 2004

I. This Code of Ethics (the "Code") for the investment companies within the Morgan Stanley complex identified in Exhibit A (collectively, "Funds" and each, a "Fund") applies to each Fund's Principal Executive Officer, President, Principal Financial Officer and Treasurer (or persons performing similar functions) ("Covered Officers" each of whom are set forth in Exhibit B) for the purpose of promoting:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships.
- full, fair, accurate, timely and understandable disclosure in reports and documents that a company files with, or submits to, the Securities and Exchange Commission ("SEC") and in other public communications made by the Fund;
- compliance with applicable laws and governmental rules and regulations;
- prompt internal reporting of violations of the Code to an appropriate person or persons identified in the Code; and
- accountability for adherence to the Code.

Each Covered Officer should adhere to a high standard of business ethics and should be sensitive to situations that may give rise to actual as well as apparent conflicts of interest. Any question about the application of the Code should be referred to the General Counsel or his/her designee (who is set forth in Exhibit C).

II. COVERED OFFICERS SHOULD HANDLE ETHICALLY ACTUAL AND APPARENT CONFLICTS OF INTEREST

OVERVIEW. A "conflict of interest" occurs when a Covered Officer's private interest interferes, or appears to interfere, with the interests of, or his service to, the Fund. For example, a conflict of interest would arise if a Covered Officer, or a member of his family, receives improper personal benefits as a result of his position with the Fund.

Certain conflicts of interest arise out of the relationships between Covered Officers and the Fund and already are subject to conflict of interest provisions in the Investment Company Act of 1940 ("Investment Company Act") and the Investment Advisers Act of 1940 ("Investment Advisers Act"). For example, Covered Officers may not individually engage in certain transactions (such as the purchase or sale of securities or other property) with the Fund because of their status as "affiliated persons" (as defined

in the Investment Company Act) of the Fund. The Fund's and its investment adviser's compliance programs and procedures are designed to prevent, or identify and correct, violations of these provisions. This Code does not, and is not intended to, repeat or replace these programs and procedures, and such conflicts fall outside the parameters of this Code, unless or until the General Counsel determines that any violation of such programs and procedures is also a violation of this Code.

Although typically not presenting an opportunity for improper personal benefit, conflicts may arise from, or as a result of, the contractual relationship between the Fund and its investment adviser of which the Covered Officers are also officers or employees. As a result, this Code recognizes that the Covered Officers will, in the normal course of their duties (whether formally for the Fund or for the investment adviser, or for both), be involved in establishing policies and implementing decisions that will have different effects on the Fund and its investment adviser. The participation of the Covered Officers in such activities is inherent in the contractual relationship between the Fund and the investment adviser and is consistent with the performance by the Covered Officers of their duties as officers of the Fund. Thus, if performed

in conformity with the provisions of the Investment Company Act and the Investment Advisers Act, such activities will be deemed to have been handled ethically. In addition, it is recognized by the Funds' Boards of Directors/Trustees ("Boards") that the Covered Officers may also be officers or employees of one or more other investment companies covered by this or other codes.

Other conflicts of interest are covered by the Code, even if such conflicts of interest are not subject to provisions in the Investment Company Act and the Investment Advisers Act. The following list provides examples of conflicts of interest under the Code, but Covered Officers should keep in mind that these examples are not exhaustive. The overarching principle is that the personal interest of a Covered Officer should not be placed improperly before the interest of the Fund.

Each Covered Officer must not:

- use his personal influence or personal relationships improperly to influence investment decisions or financial reporting by the Fund whereby the Covered Officer would benefit personally (directly or indirectly);
- cause the Fund to take action, or fail to take action, for the individual personal benefit of the Covered Officer rather than the benefit of the Fund; or
- use material non-public knowledge of portfolio transactions made or contemplated for, or actions proposed to be taken by, the Fund to trade personally or cause others to trade personally in contemplation of the market effect of such transactions.

Each Covered Officer must, at the time of signing this Code, report to the General Counsel all affiliations or significant business relationships outside the Morgan Stanley complex and must update the report annually.

Conflict of interest situations should always be approved by the General Counsel and communicated to the relevant Fund or Fund's Board. Any activity or relationship that would present such a conflict for a Covered Officer would likely also present a conflict for the Covered Officer if an immediate member of the Covered Officer's family living in the same household engages in such an activity or has such a relationship. Examples of these include:

- service or significant business relationships as a director on the board of any public or private company;
- accepting directly or indirectly, anything of value, including gifts and gratuities in excess of \$100 per year from any person or entity with which the Fund has current or prospective business dealings, not including occasional meals or tickets for theatre or sporting events or other similar entertainment; provided it is business-related, reasonable in cost, appropriate as to time and place, and not so frequent as to raise any question of impropriety;
- any ownership interest in, or any consulting or employment relationship with, any of the Fund's service providers, other than its investment adviser, principal underwriter, or any affiliated person thereof; and
- a direct or indirect financial interest in commissions, transaction charges or spreads paid by the Fund for effecting portfolio transactions or for selling or redeeming shares other than an interest arising from the Covered Officer's employment, such as compensation or equity ownership.

III. DISCLOSURE AND COMPLIANCE

- Each Covered Officer should familiarize himself/herself with the disclosure and compliance requirements generally applicable to the Funds;
- each Covered Officer must not knowingly misrepresent, or cause others to misrepresent, facts about the Fund to others, whether within or outside the Fund, including to the Fund's Directors/Trustees and auditors, or to governmental regulators and self-regulatory organizations;
- each Covered Officer should, to the extent appropriate within his

area of responsibility, consult with other officers and employees of the Funds and their investment advisers with the goal of promoting full, fair, accurate, timely and understandable disclosure in the reports and documents the Funds file with, or submit to, the SEC and in other public communications made by the Funds; and

- it is the responsibility of each Covered Officer to promote compliance with the standards and restrictions imposed by applicable laws, rules and regulations.

IV. REPORTING AND ACCOUNTABILITY

Each Covered Officer must:

- upon adoption of the Code (thereafter as applicable, upon becoming a Covered Officer), affirm in writing to the Boards that he has received, read and understands the Code;
- annually thereafter affirm to the Boards that he has complied with the requirements of the Code;
- not retaliate against any other Covered Officer, other officer or any employee of the Funds or their affiliated persons for reports of potential violations that are made in good faith; and
- notify the General Counsel promptly if he/she knows or suspects of any violation of this Code. Failure to do so is itself a violation of this Code.

The General Counsel is responsible for applying this Code to specific situations in which questions are presented under it and has the authority to interpret this Code in any particular situation. However, any waivers⁽²⁾ sought by a Covered Officer must be considered by the Board of the relevant Fund or Funds.

The Funds will follow these procedures in investigating and enforcing this Code:

- the General Counsel will take all appropriate action to investigate any potential violations reported to him;
- if, after such investigation, the General Counsel believes that no violation has occurred, the General Counsel is not required to take any further action;
- any matter that the General Counsel believes is a violation will be reported to the relevant Fund's Audit Committee;
- if the directors/trustees/managing general partners who are not "interested persons" as defined by the Investment Company Act (the "Independent Directors/Trustees/Managing General Partners") of the relevant Fund concur that a violation has occurred, they will consider appropriate action, which may include review of, and appropriate modifications to, applicable policies and procedures; notification to appropriate personnel of the investment adviser or its board; or a recommendation to dismiss the Covered Officer or other appropriate disciplinary actions;

- -----

(2) Item 2 of Form N-CSR defines "waiver" as "the approval by the registrant of a material departure from a provision of the code of ethics."

- the Independent Directors/Trustees/Managing General Partners of the relevant Fund will be responsible for granting waivers of this Code, as appropriate; and
- any changes to or waivers of this Code will, to the extent required, be disclosed as provided by SEC rules.

V. OTHER POLICIES AND PROCEDURES

This Code shall be the sole code of ethics adopted by the Funds for purposes of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules and forms applicable to registered investment companies thereunder. Insofar as other policies or procedures of the Funds, the Funds' investment advisers, principal underwriters, or other service providers govern or purport to govern the

behavior or activities of the Covered Officers who are subject to this Code, they are superseded by this Code to the extent that they overlap or conflict with the provisions of this Code unless any provision of this Code conflicts with any applicable federal or state law, in which case the requirements of such law will govern. The Funds' and their investment advisers' and principal underwriters' codes of ethics under Rule 17j-1 under the Investment Company Act and Morgan Stanley's Code of Ethics are separate requirements applying to the Covered Officers and others, and are not part of this Code.

VI. AMENDMENTS

Any amendments to this Code, other than amendments to Exhibits A, B or C, must be approved or ratified by a majority vote of the Board of each Fund, including a majority of Independent Directors/Trustees/Managing General Partners.

VII. CONFIDENTIALITY

All reports and records prepared or maintained pursuant to this Code will be considered confidential and shall be maintained and protected accordingly. Except as otherwise required by law or this Code, such matters shall not be disclosed to anyone other than the Independent Directors/Trustees/Managing General Partners of the relevant Fund or Funds and their counsel, the relevant Fund or Funds and their counsel and the relevant investment adviser and its counsel.

VIII. INTERNAL USE

The Code is intended solely for the internal use by the Funds and does not constitute an admission, by or on behalf of any Fund, as to any fact, circumstance, or legal conclusion

I have read and understand the terms of the above Code. I recognize the responsibilities and obligations incurred by me as a result of my being subject to the Code. I hereby agree to abide by the above Code.
